Peoples Choice Award Voted Best Pool in Australia  
National SPASA Awards

Proudly WA made

WA's most awarded Fibreglass Pool Company 6 years in a row  
SPASA Awards of Excellence - 2010, 2011, 2012, 2013, 2014 & 2015

## Welcome to Barrier Reef Pools

Barrier Reef Pools is a boutique pool company, which is family owned and has operated for over 30 years. Our reputation has been built on quality which sees more than 80% of our business coming through recommendation. With a total of sixty four awards presented by SPASA (Swimming Pool & Spa Association) over the past six years, from 2009 through to 2015 it is proven that our company has been identified as a clear market leader.

We are extremely proud of the way we build and install our pools and the lengths we go to that set us apart. All Barrier Reef Pools are installed by highly trained employees of our company and at no stage do we use sub-contractors.

# Manhattan

A stunning one piece configuration that has been designed with the whole family in mind.

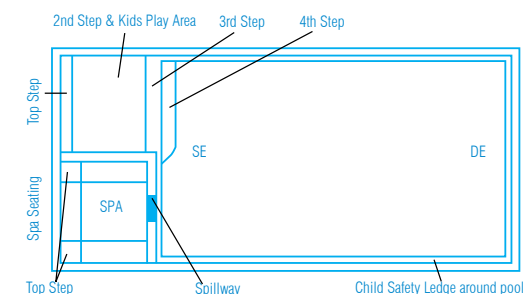

The entry point steps down into a versatile platform that is ideal as a kids play area or water lounge to sit and relax in.

Designed with a spillway the pool and spa can run simultaneously eliminating any additional power costs, alternatively they can be run independently.

The generous swimming area has been designed to be totally un-obstructed, which is ideal for swimming laps and active families.

There is no other pool that can offer all of these features.

With its square lines and designer looks we are sure your whole family will love it.

LENGTH	WIDTH	DEEP END	SHALLOW END
12.2m	4.4m	2m	1.1m
9.6m	4.4m	1.85m	1.1m
7.5m	4.4m	1.75m	1.1m

# NEW RELEASE

MANHATTAN POOL & SPA RANGE  
THE ULTIMATE FAMILY ENTERTAINER

GOLD  
over \$30,000

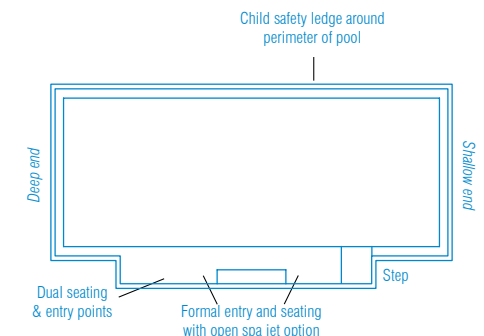

# Majestic

The Majestic possesses the 'must have' modern contemporary design suitable for today's in-style homes.

The main feature of this pool is the grand entry which encompasses wide entry steps and generous seating without encroaching on the swimming area. The seating can be complemented with optional spa jets.

The luxurious Majestic is the benchmark for the basic rectangle pool shape; available in an array of sizes with additional specification available we're sure you'll love it.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
10.5m	4.4m	1.9m	1.2m
9.5m	4.4m	1.86m	1.17m
8.5m	4.4m	1.85m	1.2m
7.5m	4.4m	1.8m	1.2m

SILVER  
over \$30,000

GOLD  
over \$30,000

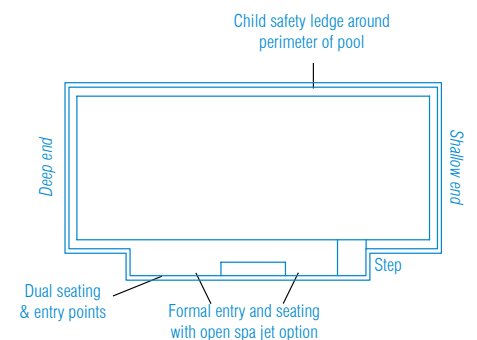

# Majestic Slimline

The Majestic Slimline has been created for properties with narrow settings or for those that simply don't want the backyard dominated by a pool.

The Majestic Slimline's generous central entry point is both a huge swimout bench which also incorporates the step down into the shallow end of the pool.

This clever design leaves the entire precious swim area of the pool free for swimming and safe for children.

With square corners which allows 90 degree paving, child safety ledge and great water depth the Slimline Majestic is a truly fantastic swimming pool.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
7.2m	3.5m	1.8m	1.1m
6.2m	3.5m	1.75m	1.1m

GOLD  
over \$40,000

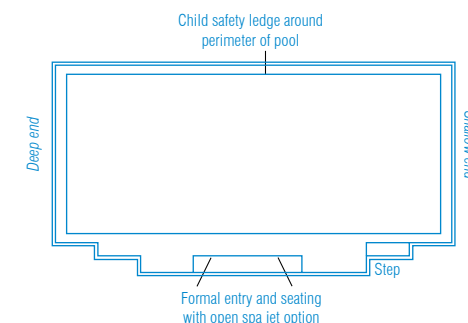

# Venetian

This timeless design has everything you could want from a pool with class, elegance, sophistication, we could go on & on.

With today's modern lifestyle in mind the Venetian has been designed with square lines & most importantly a totally uninterrupted swimming area to maximise the pool itself.

Currently this is the only pool on the market that can boast such important features, whilst still allowing you to relax & enjoy the option of an open spa alongside the central entry point.

You can't compare this pool to any other in the market place; it is one of a kind.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
10.5m	4.4m	1.9m	1.2m
9.5m	4.4m	1.86m	1.17m
8.5m	4.4m	1.82m	1.13m

7.2m	3.5m	1.8m	1.1m

BRONZE  
under \$30,000

SILVER  
over \$40,000

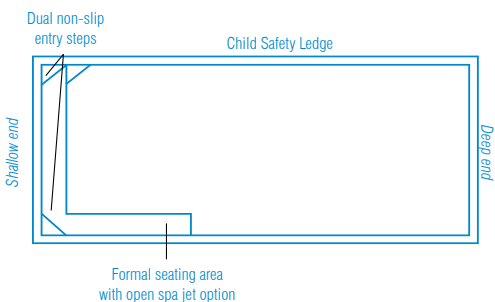

# Monaco

Some things in life will never date & the Monaco is one of them. With four square corners this rectangle pool is full of class & style. With dual entry steps located at both sides of the shallow end this pool can be conveniently placed in just about any area.

A major feature of the Monaco is the massive swim area inside the pool, with the seating area being located at the shallow end this allows for a totally free swimming area for the majority of the pool. This is great for kids & children who love to jump in and play around in the deeper areas of the pool.

Landscaping around this pool is best kept simple to compliment the stylish design.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
10.5m	3.8m	1.9m	1.2m
9.5m	3.8m	1.85m	1.17m

7.5m	3.8m	1.7m	1.13m

GOLD  
under \$40,000

BRONZE  
under \$40,000

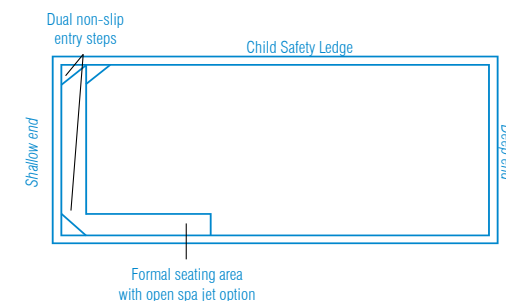

# Monaco Slimline

Square, deep, stylish but simple, this concrete style pool has it all.

Specifically devised for today's modern style homes, the Monaco offers the perfect solution for homes with restricted space and those without.

Providing generous swimming length and great depth to maximise your swimming area whilst providing enough swim outs to truly entertain.

Designed with dual benches the Monaco can be versatile on its placement close to boundaries and buildings.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
7.2m	2.8m	1.8m	1.2m
6.2m	2.8m	1.7m	1.2m

SILVER  
under \$40,000

SILVER  
under \$40,000

## Barrier Reef

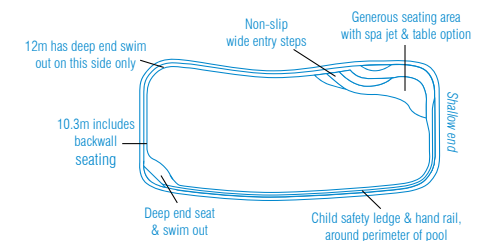

As you glide down the wide cascading entry steps, you can begin to appreciate the uncompromising features and the thoughtful interior.

You'll delight in the abundant features, handrails and safety ledges which follow the perimeter. Children can swim to various points of the pool to safety. Generous seating with swim out areas at the deep end.

Whether you are entertaining or enjoying a swim with the family, the Barrier Reef Range offers an affordable luxury.

Landscape to taste. Casual through to formal landscape settings may be achieved with this versatile pool.

Elegance which surpasses the ordinary.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
12.02m	4.3m	2.00m	1.26m
10.3m	4.3m	1.85m	1.26m
8.85m	4.3m	1.81m	1.26m
7.5m	4.2m	1.67m	1.23m

BRONZE  
over \$40,000

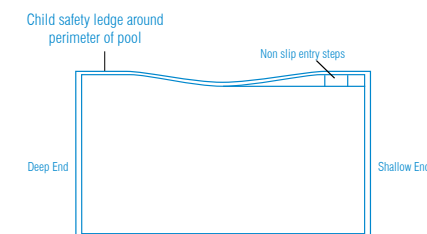

# Sahara

This stylish design gets your attention from first glance, with square corners this predominantly rectangle design has a gentle wave flowing down one side which results in a stunning look.

Whether you have a contemporary or modern style home this pool will truly impress & be the standout feature that you want it to be. The Sahara has a centrally located entry point & seating area that has been carefully designed not to encroach into the swimming area inside the pool.

Together with its striking looks & great design this pool also offers a great depth for a pool of its size, the Sahara really does tick all the boxes.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
7.5m	3.5m	1.85m	1.3m
6.5m	3.5m	1.75m	1.3m

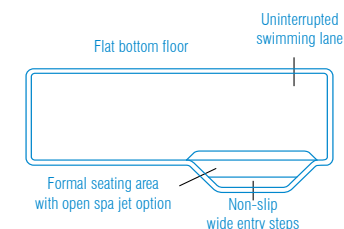

# Lap Pools

Suitable for formal settings and narrow applications, this pool has been designed to complement the contemporary style and compact living spaces of modern living whilst still allowing for great entertaining space around your pool area.

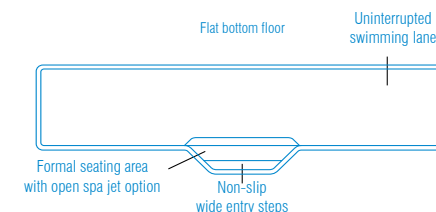

The step arrangement allows a flow on from your indoors directly down the entry and step area of the pool. The wide seating area can be fitted with optional spa jets for those times when you need to relax & unwind.

With a level depth of 1.35m, this pool offers great versatility of not only a great swimming pool, but also for water walking exercises and also an ideal games pool for more family fun.

Available Sizes:

LENGTH	WIDTH	LANE WIDTH	FLAT BOTTOM
8.38m	3.48m	2.6m	1.35m

Available Sizes:

LENGTH	WIDTH	LANE WIDTH	FLAT BOTTOM
12.24m	3.48m	2.6m	1.35m

GOLD  
Lap Pool

# Plunge Pool

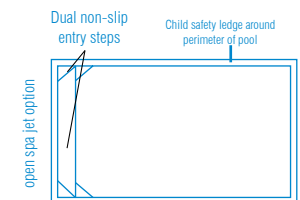

With houses becoming bigger and blocks getting smaller the Plunge Pool could be the perfect option for your back yard or courtyard area.

With square corners and a constant depth of 1.65m you could be forgiven for thinking this is a concrete courtyard or plunge pool design.

The swimming area is maximised due to the dual entry steps and compact bench seat incorporated across one end of the courtyard/plunge pool; making it very versatile with its placement in just about any setting.

Another great feature of the Plunge Pool is the small safety ledge incorporated into the vertical walls around the perimeter of the pool allowing parents to relax whilst the children are swimming.

This is the ultimate courtyard or plunge pool design!

Available Sizes:

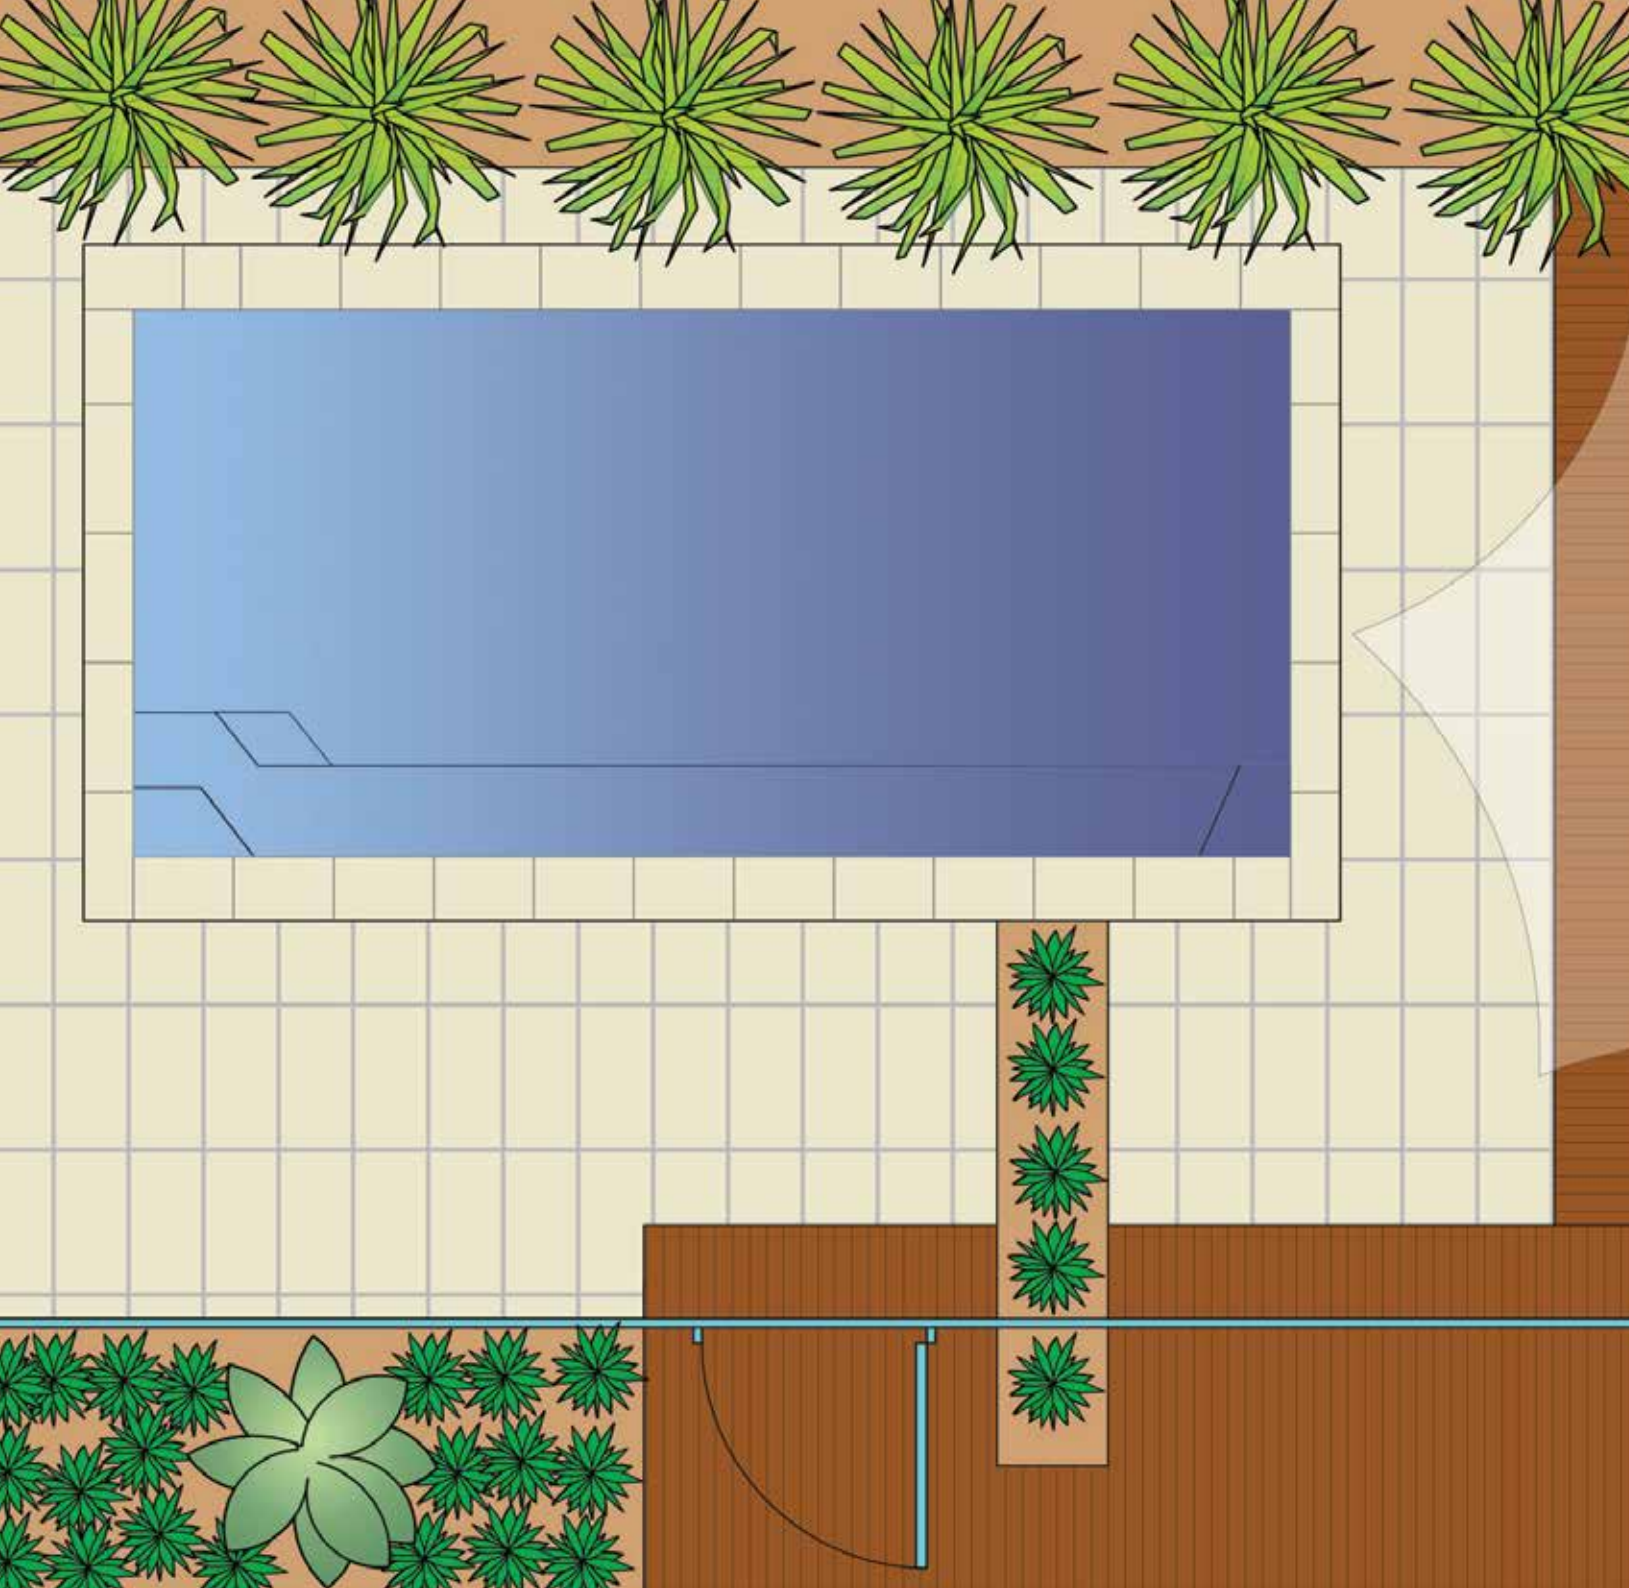

LENGTH	WIDTH	FLAT BOTTOM
6.5m	3.5m	1.65m
5.5m	3.5m	1.65m
4.7m	3.5m	1.65m

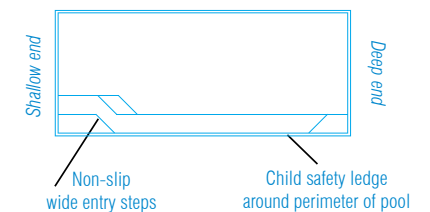

# Caprice Slimline

The Caprice Slimline is the perfect pool for those smaller backyards where getting a pool may not have been possible before.

Measuring 5.2m in length and 2.8m in width the Caprice offers an excellent swimming space for the whole family.

With a bench seat running down one side which also allows you to incorporate an open spa seat option for those times where you just want to cool off and relax.

The Caprice Slimline also has an entry point located at each end which allows you to be versatile on its placement in any area.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
5.2m	2.8m	1.65m	1.1m

BRONZE  
Plunge Pool

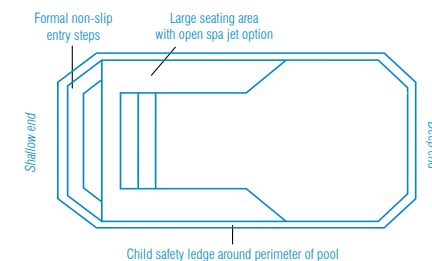

# Alfresco

The Alfresco is the perfect balance for those who want the best of both worlds, swimming and relaxing.

With generous seating located on both sides of the entry this pool is ideally designed with spa options in mind. (e.g. spa jets, air bed, heating, swim jets)

With a deep end depth of 1.5m the Alfresco has great depth for those who also want to jump in and have some real fun.

The Alfresco will change your lifestyle & create the perfect relaxing area after a hard day.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
5.2m	2.6m	1.5m	1.18m
5.2m	2.3m	1.5m	1.18m

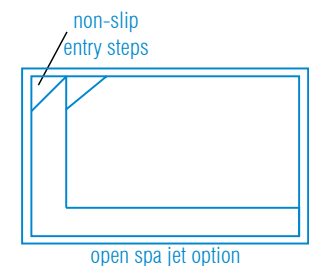

# Monaco Plunge Pool

Designed for those small areas where space is often restricted or for those who are just simply looking for a small plunge pool to cool off and relax in. Either way, the Monaco Plunge offers the perfect solution.

Designed with dual entry steps, this pool can be positioned in just about any area, the bench seating area has been incorporated length ways down the pool and across the entry area to facilitate the open spa jet option that suits this pool so well.

With a constant depth of 1.6m this Monaco Plunge pool still allows for those who want to jump in and have some real fun in the pool.

LENGTH	WIDTH	FLAT BOTTOM
4.2m	2.6m	1.6m
4.2m	1.6m	1.6m

No side seat on 4.2m x 1.6m

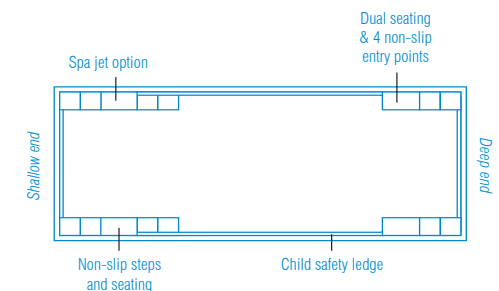

# Olympic

Bold and sophisticated. The strong geometry conforms to your architecture and becomes an extension of your style. Dual entry together with dual swim out seating provides an unobstructed swim length affording a very spacious feel.

Primarily designed to suit today's modern home the Olympic is a pleasure to landscape for and suits any modern or traditional setting.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
7.0m	3.45m	1.51m	1.10m

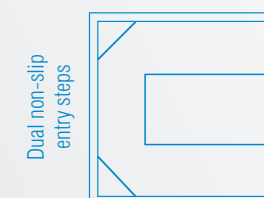

# Monaco Spa

The Monaco spa is the ultimate way to compliment any pool.

With the ability to sit up to nine adults comfortably seating room is extremely generous.

The Monaco spa is fitted standard with nine spa jets & also has the ability to be heated for minimal costs.

There is no better way to unwind after a hard day than relaxing in your very own spa.

LENGTH	WIDTH	FLAT BOTTOM
2.6m	2.6m	1m

Spillway option also available

# World Class Quality Proudly WA Made

We start with the best & improve from there. Our commitment to overall product quality ensures that we use the finest materials and innovative manufacturing processes to bring you the very best in fibreglass pools.

All materials supplied are rigidly controlled to meet performance specifications. There are no exceptions. This applies to gelcoat, resins, glass reinforcing materials, additional fixtures and fittings. All these materials are Lloyds of London/ DNV approved products for the manufacture of fibreglass swimming pools.

Our manufacturing process is monitored, documented, and recorded at every step, from the beginning process of preparing the mould, through to the full production, final detailing, inspection, storage, and transporting to the site. The operating conditions of the manufacturing facilities, such as temperature and humidity, are closely monitored and adjusted accordingly. There are clear and standardised procedures to each manufacturing stage of our pool shells.

Once the pool is released from the mould, stringent and comprehensive testing is performed. The gelcoat finish and colour is visually inspected. The hardness of the surface is measured, as well as the wall thickness being checked at more than 25 positions around the pool. This is done by ultrasonic mechanic testing and recording. Every pool is weighed using an electronic digital scale to ensure the specified amount of material has been used during production stages to meet standards.

Every pool is embossed with our name as well as a unique 5 digit number which enables tracking and tracing of that pool easy for everyone to identify. Our master files record and document quality tests and results. We also keep and store a cut out of every pool shell manufactured in our Barrier Reef Pools library, making it easy for future reference.

This proves that when you are buying a Barrier Reef fibreglass swimming pool you really are buying the best in the market place.

## Child Safety Is Our Priority

*“Put your mind at ease knowing that your child can find their way to safety”*

- Children can find their way around the pool with confidence.
- No need for intrusive deep end seating.
- Maximises swimming area without compromising on safety.
- Increases structural strength.

# Pool Construction

**Barrier Reef Pools DOES NOT use or endorse the use of any filler in Fibreglass Pools.**

We start with the best & improve from there. Our commitment to overall product quality ensures that we use the finest materials and innovative manufacturing processes to bring you the very best in fibreglass pools.

We have combined our manufacturing process with the latest in swimming pool design to create a new standard across the swimming pool industry.

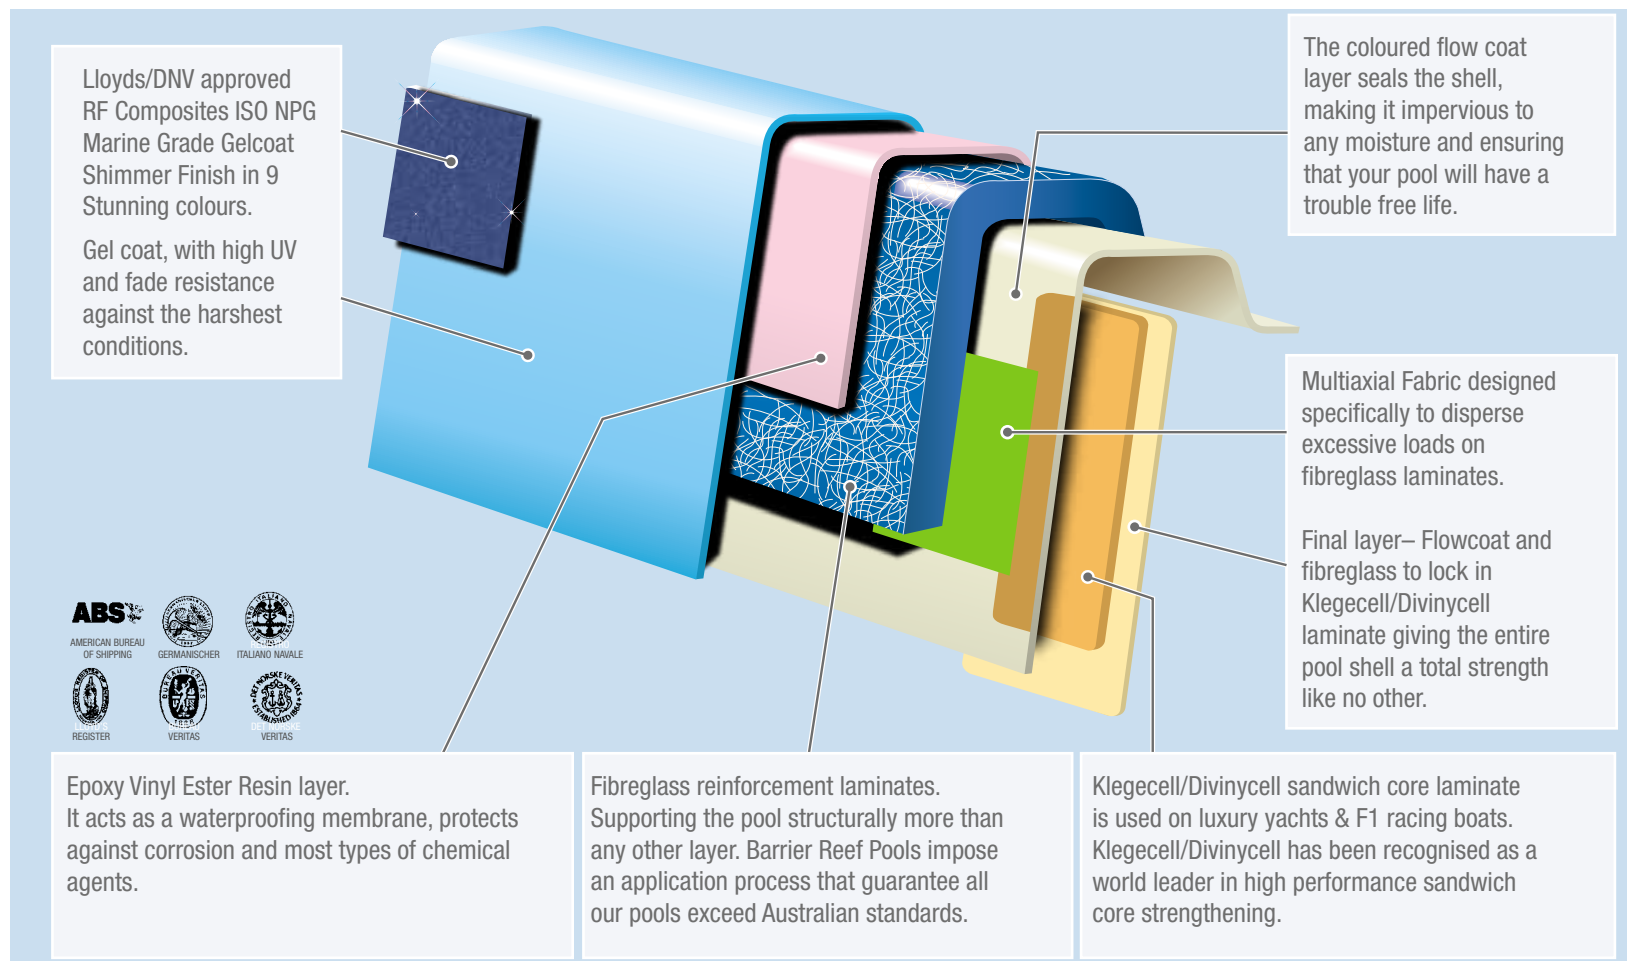

Our dedication to perfection will always keep Barrier Reef Pools as Australia's No.1 choice of fibreglass swimming pools.

- Barrier Reef Pools are world leaders in the construction of fibreglass swimming pools.

- Barrier Reef Pools are proud suppliers of RF Composites, who are Australian Leaders in gelcoat technology. Only the highest marine grade isophthalic NPG gelcoats are used in Barrier Reef Pools.

- When you buy a Barrier Reef Pool you can be assured that you have purchased the best fibreglass swimming pool that money can buy.

Barrier Reef Pools is Australia's No.1 choice of fibreglass swimming pools.

## Australia's Most Comprehensive & Customer Focused Pool Warranty

Proudly WA made

- FULLY TRANSFERRABLE
- GENUINE FACTORY BACKED WARRANTY DIRECT FROM BARRIER REEF POOLS (not outside subsidiary company)

- FULLY TRANSFERRABLE
- GENUINE FACTORY BACKED WARRANTY DIRECT FROM BARRIER REEF POOLS (not outside subsidiary company)
- MARINE GRADE ISO NPG

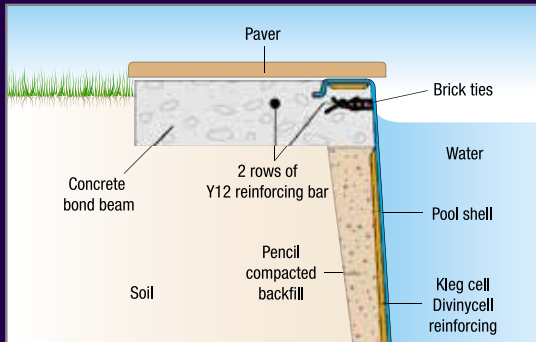

- FULLY TRANSFERRABLE
- 7 YEAR PAVING GUARANTEE (against any bullnose paving becoming loose around the pool's edge)

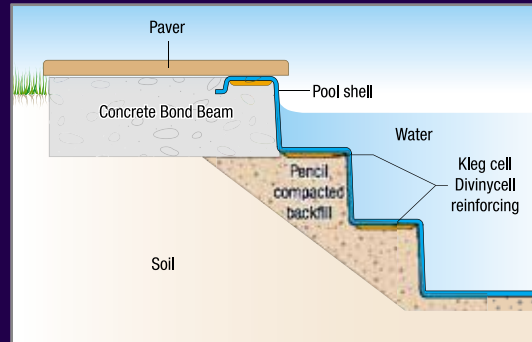

# The Barrier Reef Difference

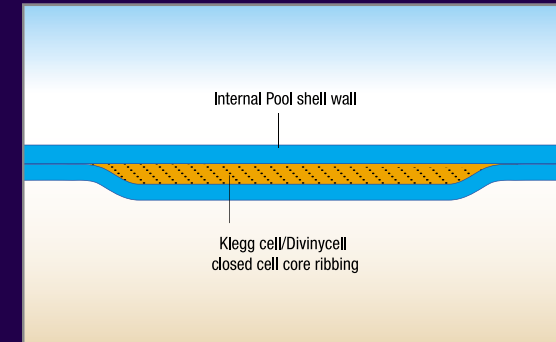

## Barrier Reef Pools

The B.R.P (Barrier Reef Pools) unique coping process provides greater support than typical processes as the edge of the fibreglass coping is left open to allow the Concrete Bondbeam to lock under. This creates a solid foundation that will not flex so paving can be laid or water features can be added to the footings, which is similar to the foundations you would build your home on.

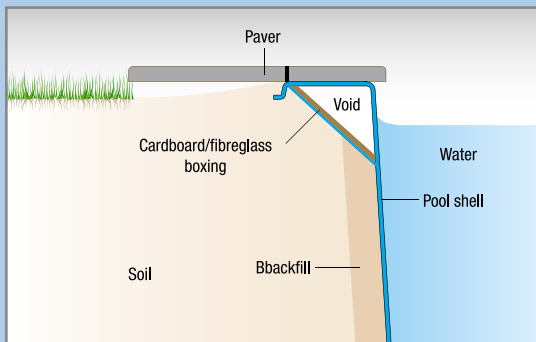

The B.R.P step design process is a time consuming but vital part in our backfilling process. The backfill is water compacted then pencil compacted under each step.

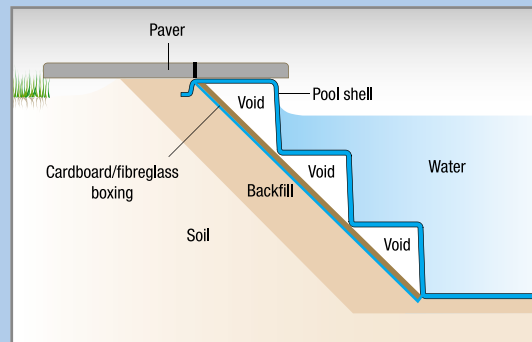

Klegcell/Divinycell Ribbing is 100% water resistant and will never deteriorate. It is a lightweight core material that provides stiffness and high impact resistance protection for the life of your swimming pool. It is a full core ribbing with no hollow voids. Klegcell is endorsed by Lloyds of London Marine Insurer.

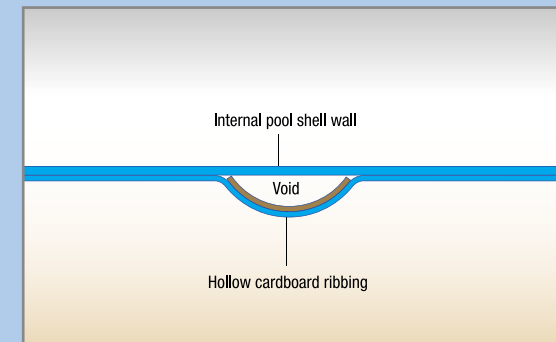

## Typical Fibreglass Pools

The typical fibreglass pool coping uses cardboard and fibreglass to support the coping around the pool for paving. This may result in the coping of the pool flexing and therefore paving to come loose.

The boxing off on the step area of a fibreglass pool saves many hours of labour during the installation process, however this also leaves large voids under each seat & step.

Although stiff in appearance cardboard ribbing is subject to deterioration. Ground water and rainfall may be absorbed causing the cardboard to rot away if not fully sealed.

# Pencil Compaction & Concreting Process

## 1) PENCIL COMPACTION

Pencil compaction is a 'must do' around all pools as it is the best way to fully consolidate the excavated area between natural ground and the pool. After pencil compaction is completed the ground is instantly firm and therefore paving can start within weeks instead of having to wait months.

## 2) PREPARATION BEFORE CONCRETE

Timber boxing is formed up around the pool 350mm wide. Two rows of N-12 Bar (Reo Bar) are laid between the perimeter of the timber boxing and the pool shell connecting into the pool shell provisions.

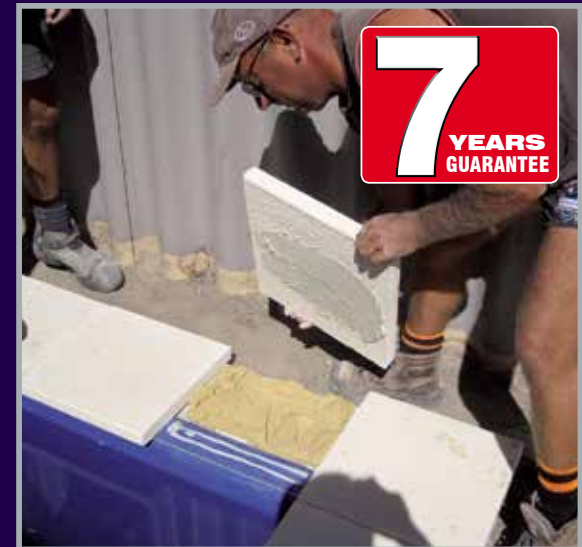

## 3) CONCRETE POUR

Concrete is then poured around the pool approx. 350mm wide x 150mm deep. The concrete is then screeded to approx 15mm – 20mm below the top edge of the fibreglass. This footing provides a solid foundation for your pool headers to be fixed to and therefore will not allow any movement in the paving. (Optional 250mm x 150mm is also available).

## 4) PAVING BOND

As stated to the left concrete is left 15-20mm below the fibreglass edge. This is required so we can use a thick layer of paving bond between the concrete and the paver. This 4 Step process enables us to provide a 7 year paving guarantee against any bullnose paving becoming loose around the pool's edge (the paving company must be accredited through Barrier Reef Pools WA Pty Ltd).
